Reloading Scrip Cards

1. Logon to Scrip: https://www.shopwithscrip.com/
2. Select the **Shop** option in the upper right corner
3. When you find your retailer you will see the options available when you hover over the retailer's image. For example for Target, you will see the following options:

   The first icon is to order plastic gift cards, the second is for **ScripNow** (e-gift cards) and the third is the **ReloadNow** option

4. Select the **ReloadNow** option
5. On the **ReloadNow** page, select the **Register Card** button which will enable the ability to type in the card number from the back of the card that you are registering.
6. You will also need to name your card such as 'My Target Card.'
7. Once your card is registered, you should be able to select it from the drop down list and add the amount you desire.
